WHAT IS DVFRC?

The Deer Valley Unified School District's Family Resource Center, in partnership with First Things First, provides support to strengthen families living in the North Phoenix Region. DVFRC offers education, prevention, and awareness by coordinating existing programs and services to meet the needs of families with children ages birth through five. In support of this mission, the center empowers our parents and caregivers to become educators themselves and join in the joy of their child's learning during the early developmental years.
