Independent Auditors' Report

To the Board of Directors
Arizona Early Childhood Development and Health Board
Phoenix , Arizona

We have audited the accompanying Statement of Cash Receipts, Cash Disbursements, and Changes in Fund Cash Balance of Arizona Early Childhood Development and Health Board as of and for the year ended June 30, 2009. This financial statement is the responsibility of Arizona Early Childhood Development and Health Board's management. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Arizona Early Childhood Development and Health Board's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the Statement of Cash Receipts, Cash Disbursements and Changes in Fund Cash Balance. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

As described in Note 1, this financial statement was prepared on a basis of cash receipts and disbursements, which is a comprehensive basis of accounting other than generally accepted accounting principles.

In our opinion, the financial statement referred to above present fairly, in all material respects, the cash receipts, cash disbursements and cash balance of Arizona Early Childhood Development and Health Board as of and for the year June 30, 2009, on the basis of accounting described in Note 1.

ARIZONA EARLY CHILDHOOD DEVELOPMENT AND HEALTH BOARD
NOTES TO FINANCIAL STATEMENT
Year Ended June 30, 2009

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Early Childhood Development and Health Board (Board) is an agency of the State of Arizona. The accompanying financial statement is prepared on a basis of accounting other than U.S. generally accepted accounting principles (GAAP) applicable to governmental units adopted by the Governmental Accounting Standards Board. The basis of accounting is discussed in detail below.

Reporting Entity

The Board was established by Ballot Proposition 203 (Prop 203) in the November 7, 2006, State of Arizona general election to provide programs and services to pre-kindergarten children and their families for the purpose of assisting child development by providing education and other support, including parent and family support programs, child care, preschool, health screenings and access to preventive health services. As required by Arizona Revised Statutes (A.R.S.) §16-651, on December 7, 2006, the Governor issued the Governor Issues Elections Proclamation declaring Prop 203 into law immediately and effectively creating the Board.

The Board is part of the State of Arizona's reporting entity. However, this financial statement is intended to present solely the cash transactions of the Board for the year ended June 30, 2009. This statement does not present the financial position or changes in financial position of the State. The State issues a publicly available Comprehensive Annual Financial Report (CAFR). Copies of the CAFR are posted on the Arizona Department of Administration's General Accounting Office's (GAO) Web site at www.gao.state.az.us or can be obtained by contacting the GAO at 100 North 15th Avenue, 3rd Floor, Suite 302, Phoenix, Arizona, 85007.

The accompanying financial statement presents the activities of the Board. Ten percent of the monies received by the Board pursuant to A.R.S. §42-3371 shall be deposited into an Administrative Fund, except in fiscal year 2007, when all monies were required to be deposited into this fund. Monies deposited into the Administrative Fund are used to pay administrative expenses, including the Board's staff salaries. Additionally, the following Board funds were established:

Program Fund—A.R.S. §8-1181(D) requires that beginning in fiscal year 2008, 90 percent of monies received pursuant to A.R.S. §42-3371 shall be deposited into the Program Fund. Monies deposited into this fund are to be used in furtherance of the objectives set forth in Prop 203.

Private Gifts Fund—A.R.S. §8-1182 requires that monies or other resources arising from private grants, gifts, or contributions shall be deposited into this fund and shall be used in accordance with the permissible conditions, if any, placed on the use of those monies by the donor.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Grant Monies Fund—A.R.S. §8-1182 requires that federal, state, or local monies received shall be deposited into this fund and shall be used in accordance with the conditions placed on those monies by the awarding government.

Legislative Appropriations Fund—A.R.S. §8-1181(B) requires that monies appropriated by the State's Legislature shall be deposited into this fund and used in accordance with the provisions of Prop 203.

The Board's reporting entity consists of the funds listed above, which are considered special revenue funds. Special Revenue Funds are used to account for the proceeds of specific revenue sources that are either legally restricted to expenditures for a specified purpose or designated to finance particular functions or activities of a government. There are no affiliated organizations required to be included as blended or discretely presented component units in the Board's reporting entity.

The A.R.S. §8-1186 requires an annual audit of the Board's funds, accounts, and sub-accounts by an independent certified public accountant within 120 days after the end of the fiscal year. The accompanying financial statement serves as the basis for this audit.

Fund Financial Statement

The focus of the statement is on the sources and uses of cash resources.

Basis of Accounting

The accompanying financial statement is prepared using the cash basis of accounting. This basis of accounting recognizes changes in fund cash balance, cash receipts, and cash disbursements arising from cash transactions. This basis is a comprehensive basis of accounting other than United States generally accepted accounting principles.

As a result of the use of the cash basis of accounting in preparing the accompanying financial statement, certain assets and their related revenues (such as accounts receivable) and certain liabilities and their related expenses (such as accounts payable for goods or services received but not yet paid and accrued expenses and liabilities) are not reported in the accompanying financial statement.

Subsequent Events Policy

In preparing these financial statements, the Board has evaluated events and transactions for potential recognition or disclosure through September 30, 2009, the date the financial statements were available to be issued.

NOTE 2 CASH AND INVESTMENTS HELD BY THE STATE TREASURER

All cash is deposited or invested with the Arizona State Treasurer (Treasurer). The Treasurer is part of the State's financial reporting entity and issues a separately published Annual Financial Report. A copy of the Treasurer's Annual Financial Report can be obtained from its Web site at www.aztreasury.gov or by contacting the Treasurer's Office at 1700 West Washington St., 1st Floor, Phoenix, AZ, 85007-2812.

A.R.S. requires state agencies' monies to be deposited with the Treasurer, and further requires those deposits to be invested in various pooled funds. Cash and investments held by the Treasurer represent the Board's portion of those monies. The Treasurer invests idle monies of the state agencies in an internal investment pool (Pool 3) and distributes interest to the participants. Interest earned from these invested monies is allocated monthly based on the average daily balance. Participant shares in the pool are purchased and sold based on the net asset value of the shares, and a participant's portion of the pool is not identified with specific investments. Accordingly, the Board's portion of these deposits and investments approximates the Board's value of pool shares.

The Treasurer's internal investment Pool 3 is not required to be registered (and is not registered) with the Securities and Exchange Commission under the Investment Company Act of 1940. In accordance with A.R.S. §35-311, the State Board of Investments reviews the activities and performance of the pool monthly. The Treasurer's Investment Pool 3 is not rated, and as of June 30, 2009, the weighted average to maturity of the Pool's investments is .67 years.

At June 30, 2009, the Board's deposits with the Treasurer were as follows:

	Program Fund	Administrative Cost Fund	Private Gifts Fund	Grants Fund	Total
Cash	\$ 6,407,940	\$ 1,263,198	\$ 5,864	\$ 19	\$ 7,677,021
Investment-Pool 3	267,697,407	81,754,941	-	-	349,452,348
	<u>\$274,105,347</u>	<u>\$ 83,018,139</u>	<u>\$ 5,864</u>	<u>\$ 19</u>	<u>\$357,129,369</u>

NOTE 3 TRANSFER OF FUNDS TO/FROM OTHER AGENCIES AND FUNDS

At June 30, 2009, the Arizona Early Childhood Development and Health Board transferred funds to/from other State Agencies and funds as follows:

<u>Transfers In</u>	
Department of Health Services	\$ 231,728
Arizona Early Childhood Development Administrative Fund	71,924
	<u>\$ 303,652</u>
<u>Transfers Out</u>

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND
ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS

The Board of Directors and the Executive Director
Arizona Early Childhood Development and Health Board
Phoenix, Arizona

We have audited the Statement of Cash Receipts, Cash Disbursements, and Changes in Fund Cash Balance of Arizona Early Childhood Development and Health Board, as of and for the year ended June 30, 2009, and have issued our report thereon dated September 30, 2009. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Arizona Early Childhood Development and Health Board's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Arizona Early Childhood Development and Health Board's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Arizona Early Childhood Development and Health Board's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the Arizona Early Childhood Development and Health Board's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the Arizona Early Childhood Development and Health Board's financial statements that is more than inconsequential will not be prevented or detected by the Arizona Early Childhood Development and Health Board's internal control.

The Board of Directors and the Executive Director
Arizona Early Childhood Development and Health Board

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the Arizona Early Childhood Development and Health Board's internal control.

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in the internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Arizona Early Childhood Development and Health Board's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of management, the Board of Directors, Executive Director and others within the entity, and is not intended to be and should not be used by anyone other than these specified parties.
