 Final Paragraph Reads**

The types of technologies that the applicant anticipates using should also be described in detail and a timeline for completion of the development process should be included in the applicants. Applicants who link this internet database to existing provider databases will also be considered. Successful applicants will describe how they will collaborate with First Things First staff and other oral health partners and providers to create a database that can be easily accessed and is user friendly. This database should include referral to a variety of oral health providers including but not limited to: Federally Qualified Health Centers, Public Health Clinics, Dental and Dental Hygiene Schools and Volunteer Private Practice Providers. FTF anticipates that this development portion of the agreement will be completed no later than June 30, 2013. FTF will retain ownership of the domain name and web based portal until it is released to another agency for ongoing management.
