

First Things First Governance System

2-104 Board Priorities

Preamble

The Board of Directors is accountable for achieving results that enhance the development, impact, and operation of First Things First. Their priorities are compatible with and accountable to the vision, mission and values and the First Things First Strategic Framework. Some priorities are specifically listed in those documents; others are required in statute; and others the Board chooses for itself.

Priorities are transformational results that achieved over time help the organization accomplish its broad mission and vision. The Board's priorities include governance and system development topics.
