

FIRST THINGS FIRST

The right system for bright futures

Strategic Plan Roadmap

Overview

The Strategic Plan Roadmap illustrates the strategic direction for First Things First. This plan was approved by the First Things First Early Childhood Development and Health Board in March 2008.

Components of the Roadmap include:

What We Believe and How We Conduct Business - System Framework

The System Framework communicates the Vision, Mission and Principles that guide the work of First Things First, leading to desired long-term System Outcomes.

What We Want – System Outcomes

System Outcomes represent the outcomes desired from the entire early childhood system in Arizona. Contributors to system outcomes include state agencies, community partners, philanthropic and business organizations and the citizens of Arizona. System Outcomes indicate what we want the comprehensive early childhood system to look like in 10 years.

Measures of Success – System Measures

System Measures will determine if the comprehensive early childhood system outcomes have been achieved within 10 years and indicate if the comprehensive early childhood system is functioning effectively and as envisioned. These Measures will be a component of the long-term evaluation plan to be developed in the near future.

What We Will Do – Goals

Goals are aligned with the System Outcomes and indicate what FTF will do as part of the comprehensive early childhood system to make progress toward System Outcomes in the next three to five years. *Each Goal is a piece of a larger picture and is inextricably interrelated and linked with the other Goals.*

What We Want to Change - Key Measures

Key Measures align directly with Goals and indicate what we want to change. Many Key Measures listed will indicate whether regular progress toward First Things First Goals will be achieved within three to five years. Other Key Measures listed will provide important data to determine ongoing impact on and progress of the early childhood development and health system.

How We Will Do It - Statewide Strategic Directions

Strategic Directions are strategies which work together and indicate how we will implement the Goals. The Strategic Directions represent infrastructure elements of a coordinated, comprehensive early childhood system. The strategies listed **with an asterisk (*)** are receiving First Things First statewide program funds to support their development.

EARLY CHILDHOOD SYSTEMS FRAMEWORK

The First Things First ***Vision*** is that all Arizona children birth through age five are afforded opportunities to achieve their maximum potential to succeed in school and life.

The First Things First ***Mission*** is to increase the quality of, and access to, the early childhood development and health system that ensures a child entering school comes healthy and ready to succeed.

The First Things First Mission and Vision will be attained through a comprehensive early childhood system that values children as our greatest asset, and recognizes families and communities at the center of decision making.

First Things First programs, services and supports will be offered through a high quality, interconnected, comprehensive delivery system that is timely, culturally responsive, family driven, community based, and directed toward enhancing a child's overall development.

First Things First will partner with public and private sectors to ensure a seamless and coordinated system, advocate on behalf of children, and leverage and sustain investments necessary for success.

First Things First will be guided by the following strength-based principles:

- ***Decisions are Made***

By involving public and private partners and communities

By focusing on desired outcomes for all children

By emphasizing local planning and implementation

By utilizing ongoing and rigorous analysis of qualitative and quantitative data, proven best practices, and system and program outcomes

- ***Programs, Services and Supports are Offered***

Through an integrated, seamless and accessible system based on high quality standards and proven best practices

By focusing on the strengths of the whole child

- **Funding Decisions Are Made**

By careful planning and long range forecasting to ensure the level and quality of services are sustained over time

To leverage public and private resources that will enhance the ability to deliver high quality services and supports for children

By utilizing local decision making for resource allocation

- **Accountability is Achieved**

By establishing and tracking key measures of early childhood development and health system improvements

By ensuring a rigorous, independent evaluation of the service delivery system and its outcomes

- **We will know the Mission and Vision are realized if the following First Things First Outcomes are achieved:**

All children have access to high-quality early care and education.

All children have access to high-quality preventive and continuous health care.

All early childhood development and health professionals are well prepared and highly skilled.

All families actively engage in children's success.

The early childhood system is coordinated, integrated and comprehensive.

Arizonans substantially support early childhood development efforts both politically and financially.
